

Directions for questions 1 to 4: Answer each of the questions based on the given information.

1. Five boys – P to T – sit in a row facing North. They sit in five different positions (1 to 5) from left to right, not necessarily in the same order.

(a) P is to the left of S, who is at the end. What are the possible positions of P and S?

(b) P is two places away to the left of S, who is at the end. What are the possible positions of P and S?

(c) P is in between (Q and S) who are at the ends. What are the possible positions of P?

(d) The number of persons to the left of P is the same as the number of persons to the right of Q. What are the possible positions of P and Q?

2. Five boys – P to T – sit in a row facing North. They sit in five different positions (1 to 5) from left to right, not necessarily in the same order.

(i) Two boys sit in between P and S.

(ii) R sits exactly in the middle of the row but not adjacent to P.

(iii) Q sits to the right of T.

(a) What (is/are) the order/s in which these five boys sit?

(1) T S R P Q (2) T S R Q P

(3) P T R S Q (4) P Q R S T

(5) Both (2) and (3)

(b) How many boys sit in between P and T?

(1) One (2) Two

(3) Three (4) (1) or (2)

(5) Cannot be determined

(c) Who is to the immediate left of S?

(1) Q (2) R

(3) P (4) T

(5) Cannot be determined

3. Five persons (P to T) sit in a row facing South, not necessarily in the same order.

(i) Q is to the right of S and is not at any one of the ends.

(ii) R is to the left of P.

(iii) S is to the immediate left of T, who is at the centre.

(a) Who is to the immediate left of Q?

(1) R (2) S

(3) P (4) T

(5) Cannot be determined

(b) Which of the following is the order, right to left, in which these persons sit?

(1) P R T S Q (2) R P T Q S

(3) P Q T R S (4) P Q T S R

(5) Cannot be determined

4. Six persons – P to U – stand in a queue, but not necessarily in the same order.

(i) Exactly two persons stand ahead S and exactly two behind R.

(ii) Two persons stand in between P and T.

(iii) P stands exactly in between R and U.

(a) Who stands ahead of S but behind Q?

(1) R (2) P

(3) T (4) R or P

(5) P or U

(b) How many persons stand behind Q?

(1) One (2) Two

(3) Three (4) Four

(5) Five

Directions for questions 5 to 7: These questions are based on the following information.

Seven persons – E, F, G, H, I, J, and K – sit in a row facing north, but not necessarily in the same order. The following information is known about them.

Three persons are sitting between E and J. The number of persons who sit to the left of E is the same as the number of persons who sit to the right of J. Either F or I sits adjacent to J. K sits second to the right of H. G sits at an end and sits second to the right of F.

5. Who sits in the middle of the row?

(1) K (2) I (3) F (4) J (5) E

6. What is the position of G with respect to J?

(1) Second to the left

(2) Immediate left

(3) Third to the left

(4) Immediate right

(5) Second to the right

7. Who sits at the left end?

(1) H (2) G (3) J (4) E (5) K

Directions for questions 8 to 12: These questions are based on the following information.

Eleven persons – J, K, L, M, X, Y, P, Q, R, S and A are sitting in a row facing north but not necessarily in the same order. The following information is known about them.

A sits three places away from M, who sits at one of the extremes. The number of persons to the left of A is equal to the number of persons to the right of Q. J sits exactly between Q and A and is fourth to the left of Y. L sits to the immediate left of A. X sits adjacent to both Q and Y. S does not sit adjacent to A. P sits fourth to the left of R.

8. What is the position of K with respect to X?

(1) Fifth to the right

- (2) Third to the left
- (3) To the immediate right
- (4) Fourth to the right
- (5) Fourth to the left

9. If all the persons are arranged in the English alphabetical order from left to right, position(s) of how many person(s) remains unchanged?

- (1) Five (2) Three (3) Two
- (4) None (5) More than five

10. Who sit at the extreme ends?

- (1) L, A (2) J, R (3) Y, S
- (4) R, M (5) M, P

11. How many person(s) sit between J and P?

- (1) Four (2) Three (3) One
- (4) None (5) More than four

12. Four of the following five are alike in a certain way and hence form a group. Find the one who does not belong to that group.

- (1) L, A (2) X, Q (3) P, J
- (4) S, M (5) K, A

Directions for questions 13 to 15: These questions are based on the following information.

Eight persons – I, J, K, L, M, N, P, and Q – are standing in a queue, not necessarily in the same order. The following information is known about them.

Only two persons are standing between I and L. I stands just behind P. Three persons are standing between L and M. I is not standing adjacent to M. K stands adjacent to J and N. At least one person stands between L and J.

13. Who stands just behind L?

- (1) K (2) N (3) P
- (4) Q (5) Cannot be determined

14. How many persons stand between Q and P?

- (1) One (2) Zero (3) Two
- (4) Three (5) None of these

15. Who stand(s) exactly between K and P?

- (1) Q (2) J (3) N
- (4) L (5) Q and I

Directions for question 16: Select the correct alternative from the given choices.

16. Six Persons – P to U – are seated around a circular table, but not necessarily in the same order.

- (i) P is to the immediate left of S.
- (ii) Q sits opposite T but not adjacent to P.
- (iii) R is to the immediate right of U.

(a) Who is two places away to the left of T?

- (1) R (2) U (3) Q
- (4) S (5) P

(b) Who sits opposite P?

- (1) Q (2) U (3) R
- (4) T (5) Cannot be determined

(c) Who is to the immediate right of T?

- (1) R (2) S (3) U
- (4) P (5) None of these

Directions for questions 17 to 20: These questions are based on the following information.

Eight persons – Sindhura, Sudha, Shravya, Shilpa, Sushma, Soujanya, Sagarika and Soumya – are sitting around a circular table, not necessarily in that order. We have the following information about their seating arrangement.

- (i) Soujanya is sitting to the immediate left of Sagarika.
- (ii) Shravya is adjacent to both Soujanya and Sudha.
- (iii) Sudha is sitting opposite Sindhura.
- (iv) Soumya is sitting two places away from Sindhura.
- (v) Shilpa is sitting adjacent to Sudha.

17. Who is sitting opposite Sushma?

- (1) Soumya (2) Shravya
- (3) Soujanya (4) Sagarika
- (5) Cannot be determined

18. Who is adjacent to both Soumya and Sindhura?

- (1) Shilpa (2) Soujanya
- (3) Sushma (4) Sagarika
- (5) Cannot be determined

19. Who is sitting to the immediate left of Sindhura?

- (1) Soumya (2) Shilpa
- (3) Soujanya (4) Sushma
- (5) Sagarika

20. Who is three places away to the left of Soumya?

- (1) Sagarika (2) Soujanya
- (3) Sushma (4) Shravya
- (5) Either (1) or (2)

Directions for questions 21 to 25: These questions are based on the following information.

Seven persons – A, B, C, D, E, F and G – are sitting around a circular table, facing the centre not necessarily in that order. C is sitting third to the left of E. Exactly two persons are sitting between A and D. Neither C nor E is sitting adjacent to D. B is sitting second to the right of F, who is not adjacent to E.

21. Who is sitting to the immediate right of F?

- (1) C (2) A (3) D
- (4) B (5) Either (1) or (2)

22. Who is sitting exactly in between D and E when counted from the left of D?

- (1) A (2) G (3) F
- (4) C (5) Either (1) or (2)

23. Who is sitting to the immediate left of A?

- (1) B (2) F (3) C
- (4) E (5) Either (2) or (3)

24. What is the position of F with respect to G?

- (1) Second to the left
- (2) Second to the right
- (3) Third to the left
- (4) Third to the right
- (5) None of these

25. In which of the following pairs is the second person to the immediate left of first person?

- (1) CF (2) EG (3) BA
- (4) GD (5) None of these
