

**** Directions for questions 1 to 10:** In each question below, two statements are given which are followed by two conclusions. Consider the given statements to be true, even if they seem to be at variance with the commonly known facts, and then decide which of the conclusions logically follow(s) from the given statements, disregarding commonly known facts. Mark your answer as,

- (1) if only conclusion I follows
- (2) if only conclusion II follows
- (3) if either conclusion I or conclusion II follows
- (4) if neither conclusion I nor conclusion II follows
- (5) if both conclusions I and II follow

1. Statements: All A's are B's.
All B's are C's.

Conclusions:

- I. All A's are C's.
- II. Some C's are A's.

2. Statements: All teachers are men.
All men are illiterate.

Conclusions:

- I. All teachers are illiterate.
- II. Some illiterate men are teachers.

3. Statements: All pens are pencils.
All pencils are rubbers.

Conclusions:

- I. All rubbers are pens.
- II. Some pens are not rubbers.

4. Statements: All birds are men.
All birds are cows.

Conclusions:

- I. Some men are cows.
- II. All cows are men.

5. Statements: All games are shames.
Some shames are names.

Conclusions:

- I. Some games are names.
- II. No game is a name.

6. Statements: Some pipes are not tubes.
All pipes are made of rubber.

Conclusions:

- I. Some rubber are not made of tubes.
- II. Some tubes are made of rubber.

7. Statements: Some social workers are generous.
Some generous people are rich.

Conclusions:

- I. No social workers is a rich.
- II. Some rich people are social workers.

8. Statements: All birds are dogs.
No dog will bark.

Conclusions:

- I. Some barking things are birds.
- II. No bird will bark.

9. Statements: All Mothers are good.
Some Fathers are good.

Conclusions:

- I. All fathers are mothers.
- II. Some mothers are fathers.

10. Statements: All mangoes are sweet.
All chocolates are sweet.

Conclusions:

- I. All chocolates are mangoes.
- II. Some mangoes are chocolates.

**** Directions for questions 11 to 25:** Each of these questions consists of three statements followed by some conclusions. Consider the statements to be true even if they seem to be at variance with the commonly known facts and find out which of the conclusion(s) logically follow(s) from the given statements, disregarding the commonly known facts.

11. Statements:
Ravi is tall.
No tall person is fair.
All fair persons are short.

Conclusions:

- I. Ravi is fair.
- II. Ravi is short.
- III. Some short are definitely not tall.

- (1) Only I follows
- (2) Only III follows
- (3) Only II follows
- (4) Only II and III follow
- (5) None follows

12. Statements: All males are children.
All children are females.
No female is tall.

Conclusions:

- I. All males are females.
- II. Some children are not tall.
- III. No male is tall.

- (1) Only I follows
- (2) Only II follows
- (3) Only II and III follow
- (4) All follow
- (5) None of these

13. Statements: Some files are not tubs.
All buckets are tubs.
Some files are mugs.

Conclusions:

- I. At least some buckets are files.
- II. Some files are definitely not buckets.
- III. Some tubs can never be mugs.

- (1) Only I follows
- (2) Only II follows
- (3) Only III follows
- (4) Only II and III follow
- (5) None follows

14. Statements: All dogs are cats.
All cats are mice.
All mice are pigs.

Conclusions:

- I. All dogs are mice.
- II. At least some mice are dogs.
- III. All pigs are cats.

- (1) Only I and II follow
- (2) Only I follows
- (3) Only III follows
- (4) Only II and III follow
- (5) None of these

15. Statements: All rupees are coins.
All coins are minted in the mint.
No mint is small.

Conclusions:

- I. All rupees are minted in the mint.
- II. Some rupees are small.
- III. No coin is small.

- (1) Only I and III follow
- (2) Only II follows
- (3) Only III follows
- (4) Only II and III follow
- (5) None follows

16. Statements: All carpenters are agile people.
Only a few quick are agile people.
No soft is quick.

Conclusions:

- I. At least some carpenters are soft.
- II. Some quick are not carpenters.
- III. Some agile people are definitely not soft.

- (1) Only III follows
- (2) Only I and III follow
- (3) Only II follows
- (4) Only II and III follow
- (5) None of these

17. Statements: All statements are premises.
All premises are propositions.
Only a few propositions are sentences.

Conclusions:

- I. Some statements are propositions.
- II. Some propositions are statements.
- III. Some sentences are not premises.

- (1) Only III follows
- (2) Only I follows
- (3) Only II follows
- (4) Only I and II follow
- (5) All follow

18. Statements: All potatoes are brinjals.
Only a few brinjals are spinach.
All brinjals are flowers.

Conclusions:

- I. Some spinach are definitely not flowers
- II. Some potatoes are flowers.
- III. Some potatoes are spinach.

- (1) Only I follows
- (2) Only II follows
- (3) Only I and III follow
- (4) None follows
- (5) None of these

19. Statements: All potters are clerks.
No clerk is a teacher.
Only a few teachers are judges.

Conclusions:

- I. Some judges are not clerks.
- II. At least some teachers are potters.
- III. No potter is a teacher.

- (1) Only II and III follow
- (2) Only II follows
- (3) Only III follows
- (4) Only I and III follow
- (5) None follows

20. Statements: All rankers are intelligent.
Only a few intelligent are smart.
Only a few intelligent are dark.

Conclusions:

- I. No ranker is a smart.
- II. At least some dark are rankers.
- III. At least some smart are dark.
- IV. Some rankers are smart.

- (1) Only I follows
- (2) Only II follows
- (3) Only I, II, and IV follow
- (4) Either I or IV follows
- (5) None of these

21. Statements: All whales are dolphins.
All dolphins are sharks.
Some sharks are not big.

Conclusions:

- I. Some sharks are whales.
- II. All whales are sharks.
- III. Some whales can never be big.
- IV. All whales are big.

- (1) Only I and II follow
- (2) Only I and IV follow
- (3) Only IV follows
- (4) Only III follows
- (5) Only I, II and either III or IV follow

22. Statements: Some cats are not dogs.
All cats are rats.
No rat is pig.

Conclusions:

- I. No cat is pig.
- II. At least some cats are pigs.
- III. Some rats are definitely not dogs.
- IV. All rats are dogs.

- (1) Only I follows
- (2) Only I and III follow
- (3) Only III follows
- (4) Either I or II follows
- (5) I, II and either III or IV follow

23. Statements: All brave people are Trojans.
All Greeks are Trojans.
No Trojan is coward.

Conclusions:

- I. All brave people are greeks.
- II. All greeks are brave people.
- III. No Greek is coward.
- IV. No brave is coward.

- (1) Only I follows
- (2) Only II follows
- (3) Only III and IV follow
- (4) All follow
- (5) None of these

24. Statements: All fans are wires.
Only a few copper are wires.
No wire is made of gold.

Conclusions:

- I. Some copper are not fans.
- II. Some copper are gold.
- III. No copper is made of gold.
- IV. Some fans are made of coppers.

- (1) Only I follows
- (2) Only II follows
- (3) Only II and III follow
- (4) Only I and II follow
- (5) None of these

25. Statements: All red are white.
Only a few black are red.
No white is blue.

Conclusions:

- I. Some white are not black.
- II. At least some black are blue.
- III. No red is blue.
- IV. No white is black.

- (1) Only I follows
- (2) Only II follows
- (3) Either I or II follows
- (4) Only III follows
- (5) None of these

**** Directions for questions 26 to 30:** In each of the following questions, four statements followed by four conclusions marked I, II, III and IV are given. Consider the statements to be true even if they seem to be at variance with the commonly known facts and find out which of the given conclusions logically follow(s) the statements, disregarding the commonly known facts.

26. Statements:
All mills are bills. No bill is skill. Some bills are not hills. Only a few skills are fills.

Conclusions:

- I. No skill is mill.
- II. Some fills can never be bills.
- III. All skills can never be mills.
- IV. At least some hills are fills.

- (1) Either I or III follows
- (2) Only I follows
- (3) Only I, II and III follow
- (4) Only II and III follow
- (5) None follows.

27. Statements:
Only a few lights are bright. Some lights are not shine.
All glitters are gold. Only a few shine are glitter.

Conclusions:

- I. Some gold are not shine.
- II. All shine are gold.
- III. Some shine are bright.
- IV. No gold is light.

- (1) Only I, II and IV follow
- (2) Either I or II follows
- (3) Only I follows
- (4) Either III or IV follows
- (5) None follows

28. Statements:
Orchids are plants. Bamboos are grasses. Grasses are not trees. Some plants are trees.

Conclusions:

- I. At least some Orchids are trees.
- II. No Bamboo is a tree.
- III. At least some grasses are plants.
- IV. No grass is a plant.

- (1) Only II and III follow
- (2) Only II follows
- (3) Only II and either III or IV follow
- (4) Only I, II and IV follow
- (5) None of these

29. Statements:
All jeans are trousers. Some shirts are not ties.
No trousers are shoes. All shoes are ties.

Conclusions:

- I. Some shirts are definitely not shoes.
- II. Some trousers can never be ties.
- III. At least some ties are jeans.
- IV. At least some jeans are shirts.

- (1) Only I follows
- (2) Only II follows
- (3) Only III and IV only follow
- (4) Either I or II only follows
- (5) None of these

30. Statements:
No conductor is an insulator. Wood is insulator.
Magnet is conductor. Only a few copper is wood.

Conclusions:

- I. Copper is a conductor.
- II. Some copper is insulator.
- III. No magnet is wood.
- IV. Some insulator are definitely not copper.

- (1) Only I follows
- (2) Either I or II follows
- (3) Only II and III follow
- (4) Either I or III follows
- (5) None of these

23. Statements: All brave people are Trojans.
All Greeks are Trojans.
No Trojan is coward.

Conclusions:

- I. All brave people are greeks.
- II. All greeks are brave people.
- III. No Greek is coward.
- IV. No brave is coward.

- (1) Only I follows
- (2) Only II follows
- (3) Only III and IV follow
- (4) All follow
- (5) None of these

24. Statements: All fans are wires.
Only a few copper are wires.
No wire is made of gold.

Conclusions:

- I. Some copper are not fans.
- II. Some copper are gold.
- III. No copper is made of gold.
- IV. Some fans are made of coppers.

- (1) Only I follows
- (2) Only II follows
- (3) Only II and III follow
- (4) Only I and II follow
- (5) None of these

25. Statements: All red are white.
Only a few black are red.
No white is blue.

Conclusions:

- I. Some white are not black.
- II. At least some black are blue.
- III. No red is blue.
- IV. No white is black.

- (1) Only I follows
- (2) Only II follows
- (3) Either I or II follows
- (4) Only III follows
- (5) None of these

**** Directions for questions 26 to 30:** In each of the following questions, four statements followed by four conclusions marked I, II, III and IV are given. Consider the statements to be true even if they seem to be at variance with the commonly known facts and find out which of the given conclusions logically follow(s) the statements, disregarding the commonly known facts.

26. Statements:
All mills are bills. No bill is skill. Some bills are not hills. Only a few skills are fills.

Conclusions:

- I. No skill is mill.
- II. Some fills can never be bills.
- III. All skills can never be mills.
- IV. At least some hills are fills.

- (1) Either I or III follows
- (2) Only I follows
- (3) Only I, II and III follow
- (4) Only II and III follow
- (5) None follows.

27. Statements:
Only a few lights are bright. Some lights are not shine.
All glitters are gold. Only a few shine are glitter.

Conclusions:

- I. Some gold are not shine.
- II. All shine are gold.
- III. Some shine are bright.
- IV. No gold is light.

- (1) Only I, II and IV follow
- (2) Either I or II follows
- (3) Only I follows
- (4) Either III or IV follows
- (5) None follows

28. Statements:
Orchids are plants. Bamboos are grasses. Grasses are not trees. Some plants are trees.

Conclusions:

- I. At least some Orchids are trees.
- II. No Bamboo is a tree.
- III. At least some grasses are plants.
- IV. No grass is a plant.

- (1) Only II and III follow
- (2) Only II follows
- (3) Only II and either III or IV follow
- (4) Only I, II and IV follow
- (5) None of these

29. Statements:
All jeans are trousers. Some shirts are not ties.
No trousers are shoes. All shoes are ties.

Conclusions:

- I. Some shirts are definitely not shoes.
- II. Some trousers can never be ties.
- III. At least some ties are jeans.
- IV. At least some jeans are shirts.

- (1) Only I follows
- (2) Only II follows
- (3) Only III and IV only follow
- (4) Either I or II only follows
- (5) None of these

30. Statements:
No conductor is an insulator. Wood is insulator.
Magnet is conductor. Only a few copper is wood.

Conclusions:

- I. Copper is a conductor.
- II. Some copper is insulator.
- III. No magnet is wood.
- IV. Some insulator are definitely not copper.

- (1) Only I follows
- (2) Either I or II follows
- (3) Only II and III follow
- (4) Either I or III follows
- (5) None of these
